

## On Dancefloors

Metronomy

Hearing,  
Is getting me down  
Is getting me down to the disco floor

Hearing, is wearing me down  
It's wearing down from my ears

All those evenings, spent disappointed on dancefloors  
and learn one day

I want to get more from this  
I want to get more from this  
I want to get more from this, than you

Sometimes I'll put up with it, alright.  
But I can't even dance the way I might  
Were it just me and you tonight

I want to get more from this  
I want to get more from this  
I want to get more from this  
I want to get more from this, than you
