

## Our Raid

### Metronomy

We took the motor from the dash till  
We'll take it back 'cause we're not thieves  
And now we're heading back to your house  
It's so exciting and it feels like

Oh, oh, oh, oh  
(Oh, oh, oh, oh)

Put back the garlic, rip our souls out  
Or else it's gonna ends in tears  
You're real hard to watch right now  
Go down, down, down, down, down

Like oh, like oh, like oh, like oh  
Like oh, like oh, like oh, like oh  
Like oh, like oh, like oh, like oh  
Like oh, like oh, like oh, like oh  
Oh, like oh, like oh, like oh  
Like oh, like oh, like oh, like oh  
Like oh
