

## Right On Time

Metronomy

I miss you and I have to tell someone  
It's nothing new but I still can't handle it

If this is love and I'm stood up  
Then what's the point? I'm giving up  
A clean break, a heartache  
It's just another earthquake

Well, you've caught me right on time  
So, for now, let's enjoy the sunshine  
Well, you've caught me right on time  
So, for now, let's enjoy the sunshine

Yeah, let's get it, let's get, alright  
I see the one, I see the one I like, alright  
Well, you've caught me right on time  
So, for now, let's enjoy the sunshine

I'm at the station  
Come down and you'll find me there  
Yeah, I'll be waiting  
I'm not going anywhere

If this is love and I'm stood up  
Then what's the point? I'm giving up  
A train break, a heartache  
It's just another earthquake

Well, you've caught me right on time  
So, for now, let's enjoy the sunshine  
Well, you've caught me right on time  
So, for now, let's enjoy the sunshine

Yeah, let's get it, let's get, alright  
I see the one, I see the one I like, alright  
Well, you've caught me right on time  
So, for now, let's enjoy the sunshine
