

# Upset My Girlfriend

Metronomy

I used to play drums in  
I used to play drums in a rock and roll band  
But they kicked me out  
'Cause I used to feel it  
And so I would speed up

I wrote off my dad's car  
I wrote off my dad's car on my way home  
I wrapped it 'round the tree  
On a corner, I've taken so many times

I wrote off my dad's car  
I wrote off my dad's car, unfortunately  
I wrapped it 'round the tree  
On a corner, I take way too confidently

I used to play drums in  
I used to play drums in a rock and roll band  
But they kicked me out  
'Cause I used to feel it  
And so I would speed up

I used to play drums in  
I used to play drums in a rock and roll band  
But they kicked me out  
'Cause I used to feel it  
And so I would speed up

I've upset my girlfriend  
But she doesn't know that I'm gonna propose  
I thought out a text  
But she doesn't answer  
'Cause it's a disaster

I used to play drums in  
I used to play drums in a rock and roll band  
But they kicked me out  
'Cause I used to feel it  
And so I would speed up

I used to play drums in  
I used to play drums in a rock and roll band  
But they kicked me out  
'Cause I used to feel it  
And so I would speed up

I used to play drums in  
I used to play drums in a rock and roll band
