

ACID RAIN

METTE

I can feel your love
I can feel your love
I can reel your love
I can feel your love

Like lightning strike a green of and your piercing (Right through)
Spine through my flowerlines, crystal lies I'm livin' (Right through)
Right, right through the night, night
It's the beginning of a
Life, life, blast through your eyes
Ooh, we go away forever

Sittin' out 'til I surrender
Rainin' down until I scream

I can feel your love (Love)
I can feel your love (Love)
I can feel your love (Love)
I can feel your love (Love)

Drip drop my waterline, I'm floodin' in on you (Street)
Atomic energy, we fusin' so hard we (Street)
Ooh, I wanna go
Atomic, shakin' feed my memory
Ooh, and after all
Your touch is sharin' how it's meant to feel

Sittin' out 'til I surrender
Rainin' down until I scream

I can feel your love (Love)
I can feel your love (Love)
I can feel your love (Love)
I can feel your love (Love)
I can feel your love (Love)
I can feel your love (Love)
I can feel your love (Love)
I can feel your love (Love)

I can feel you
I can feel your love
I can feel your love
I can feel your love
I can feel
It rains
