METTE

But on the coat I love, she dancin' oh, bruh, she be havin' oh some ho shit

Chocolate city  
What you want, babe?  
What you want, babe?  
What you want?  
Chocolate city  
What you want, babe?  
What you want, babe?  
What you want?

Strong girl, soft muscles, strong girl with a soft man  
In touch with his feminine, deep in that melanin  
Chocolate city, chocolate city  
Makin' out with you in the purple pink blue  
My sister's dozzin' off on that system, who knew?  
Everytime you touch me, we kill the patriarchy  
Gentle on my body, I'm cryin' at the party for

Chocolate city  
What you want, babe?  
What you want, babe?  
What you want?  
Chocolate city  
What you want, babe?  
What you want, babe?  
What you want?  
Chocolate city  
What you want, babe?  
What you want, babe?  
What you want?

Cuttin' your t-shirt up, it's givin' pretty tough  
Crop top in dabbin' dove, when we fuck it, it's love  
Island of the princess meltin' our defenses  
Miles and miles like the wheels on fire  
Am I the guy or are you the guy?  
Where's the bottom line? It's a scubadive  
Tailorin' me like a part of mind  
Like my coffee black under the cherry sky  
I'm out of mind, be my gentle guy  
Like "Why-why you shy?" My little lover type

Ooh-whoa  
Cruisin' to you from like geronimo  
Baby, ooh-aah  
You cannot let me go, I cannot let go  
Ooh-aah  
I know you love me, love me so

Chocolate city  
What you want, babe?  
What you want, babe?  
What you want?  
Chocolate city  
What you want, babe?  
What you want, babe?

What you want?  
Chocolate city  
What you want, babe?  
What you want, babe?  
What you want?

But on the coat I love, she dancin' oh, bruh, she be havin' oh some ho shit
