

DARLING DRIVE

METTE

I've lost the street lights, my star she's sittin' high
She's gonna take me home tonight
Back here before you're grown, first place in the centerfold
Been around the world, but nothing's close, I
Spent so much time
Tryna make it out alive, screaming underwater, I
Won't lose my pride
I know what hill I'm dying on, I

Dar-dar-darling drive
You're written on my bones, I know that I can stay here forever
Been here all my life
No matter where I go, I know we're gonna end up together

The summer breeze is heaven sent, people keep their promises
I've landed on my feet again
Snowstorms can come and go, my heart is never cold
I'm breathing in your oxygen, I
Spent all this time
Tryna change my melody to one that wasn't meant for me, I
Won't lose my pride
I know what hill I'm dying on, I

Dar-dar-darling drive
You're written on my bones, I know that I can stay here forever
Been here all my life
No matter where I go, I know we're gonna end up together

Your heart, is written in my bones
Bones, my bones
And it shows (and it shows), no matter where I go
No matter where I go, baby
Your heart, is written in my bones
No matter where I go, I know we're gonna end up together, I
