

MUSCLE

METTE

I know your kind
Don't act demure
What's underneath is real I'm sure
What you've got's impressive
It caught my attention
Lemme see you flex it
Looking so expensive
Don't waste my time
Cause time ain't free
Just cross the line
And step to me
Pump it up electric
Make the cut
Cause I get what I want
And right now you're the one

Turn me on baby, strike up a storm
Get me off, strip it down to the core
Rain that sweat, leave it all on the floor
(Ah, Ah, Ah, Ah)
I wanna watch your body hustle
Lemme see you flex that muscle

Baby, strike up a storm
Get me off, strip it down to the core
Rain that sweat, leave it all on the floor
(Ah, Ah, Ah, Ah)
I wanna watch your body hustle
Lemme see you flex that muscle

Come ring my bell and climb the peak
I do it well, I'm a machine
What I got's impressive
It caught your attention
Looking so delicious
Now go down and kiss it

Turn me on baby, strike up a storm
Get me off, strip it down to the core
Rain that sweat, leave it all on the floor
(Ah, Ah, Ah, Ah)
I wanna watch your body hustle
Lemme see you flex that muscle

Baby, strike up a storm
Get me off, strip it down to the core
Rain that sweat, leave it all on the floor
(Ah, Ah, Ah, Ah)
I wanna watch your body hustle
Lemme see you flex that muscle

Front, back, side to side
Work it in the middle and enjoy the ride
Run the top, run the bottom
Left and right
Throw it in a circle cause tonight's the night

Turn me on baby, strike up a storm
Get me off, strip it down to the core
Rain that sweat, leave it all on the floor
(Ah, Ah, Ah, Ah)
I wanna watch your body hustle
Lemme see you flex that muscle
