

VAN GOGH

METTE

I'm motivated by the way you move
Got me fixated on everything you do, yeah
Ain't no bussin' to the music without you
I could be Van Gogh, shawty, if you, if you

Fizz it up like pink champagne
How you make me make it rain
Oh yeah, oh yeah
Oh yeah, oh yeah
When I got you next to me
I'm hatchin' a masterpiece
Oh yeah, oh yeah
Oh yeah, oh yeah

I see you toss your hips, sway, then dip, it's a motion
You got your edges laid down like queen Janet Jackson
No fucks to give, go on, cast spells like a mystic
I don't wanna miss it

Tonight, I'm (Ooh)
I'm motivated by the way you move
Got me fixated on everything you do, yeah
Ain't no bussin' to the music without you
I could be Van Gogh, shawty, if you'd be my muse
Don't go dressin' up for anyone but me
You got poet dreams in every word you speakin'
I could go sky rocket if you light the fuse
I could be Van Gogh, shawty, if you'd be my muse

(Let's go)

I know
I'm comin' off strong, these feelings are gettin' heavy for you
But I know
You're my new vice, the whipped cream and the cherry on top
(I like my cherries on top)

I said, "Between now and then, I'ma need you forever"
She said, "I don't know, I'm hot and cold, depends on the weather"
I guess I'm gonna have to think fast and pull it together
'Cause it's now or never

Tonight, I'm (Ooh)
I'm motivated by the way you move
Got me fixated on everything you do, yeah
Ain't no bussin' to the music without you
I could be Van Gogh, shawty, if you'd be my muse
Don't go dressin' up for anyone but me
You got poet dreams in every word you speakin'
I could go sky rocket if you light the fuse
I could be Van Gogh, Van Gogh

Ooh, ooh, ooh, ooh
When you turn around, I'm crushin' like that
Worked it out, I'm crushin' like that
Hit me now, like that

I'm motivated by the way you move (Motivated)
Got me fixated on everything you do, yeah
Ain't no bussin' to the music without you
I could be Van Gogh

Dance, dance
I could be Van, Van
Dance, dance
Gogh
