

# Can't Understand

Metz

Cold crooked lines  
Your other side  
Your better days were left behind  
I saw you staring at a blank wall  
Can't understand it  
You're in a bathroom stall

Can't understand  
Can't understand  
Can't understand  
Can't understand

Same every time  
Out of your mind  
All of those days are gone  
I saw you staring at a brick wall  
Can't understand it at all

Can't understand  
Can't understand  
Can't understand  
Can't understand  
Can't understand  
Can't understand  
Can't understand  
Can't understand

Hey  
One, two three

Can't understand  
Can't understand  
Can't understand  
Can't understand  
Can't understand  
Can't understand  
Can't understand  
Can't understand
