

# Dry Up

Metz

Where have you gone?  
My little wishing well  
I should've guessed, I should've known  
That you'd dry up

What have you done?  
My little sinking ship  
I should've guessed, I should've known  
That you'd fall down

Come on, come on, come on, yeah  
My little wishing well  
Come on, come on, come on, yeah  
Come back to you
