

No Ceiling

Metz

I found a second act, I'll hold it tight
Awoke a burning heart in me
Whoa, the dawn is
It's in your eyes
A fountain head

I found a love, I found a love
I found a love, I found a love
I found a love, I found a love
I found a love, I found a love

You've taken over me, no turning back
Before an emptiness serene
Whoa, the dawning
Head in the clouds
A watershed

I found a love, I found a love
I found a love, I found a love
I found a love, I found a love
I found a love, I found a love
Yeah, yeah, yeah, yeah
