

## Pure Auto

Metz

Dark city, dark city, please  
I'm beggin' on my hands and knees  
I've got a blindfold, I've got blindfold pulled across my eyes  
It shouldn't come as no surprise

I need it  
Let me cut my teeth  
I need it  
Pure autonomy-'my-'my-'my-'my

Stop running  
Stop running blind  
And quit wasting all my time  
It's not a new day  
It's not a new day if the sun don't rise  
It's not a new day if you aren't free

I need it  
Let me cut my teeth  
I need it  
Pure autonomy  
I feel it  
I want to give 'em the slip  
I want to shoot from the hip  
Pure autonomy  
Pure autonomy-'my-'my-'my-'my

I need it  
Let me cut my teeth  
I need it  
I feel it  
Like the air I breathe  
A new philosophy  
Pure autonomy  
Pure autonomy-'my-'my-'my-'my
