

## Slow Decay

Metz

We're floating out to sea, standing at the shore  
A distant memory of what came before  
So hold it up to the light (hold it up to the light) and let it  
shine (and let it shine)  
Hold it up to the light (hold it up to the light) of your mind

Open the door and blow it all away  
There's so much more, no matter what they say  
Driving with eyes closed  
Driving with eyes closed

I lost you  
I lost you  
I lost you  
I lost you

What did you get to see, I'll never know  
The faintest melody, decaying slow  
So hold it up to the light (hold it up to the light) and let it  
shine (and let it shine)  
Hold it up to the light (hold it up to the light) of your mind

Open the door and blow it all away  
There's so much more, no matter what they say  
Driving with eyes closed  
Driving with eyes closed

I lost you  
I lost you  
I lost you  
I lost you  
I lost you  
I lost you  
I lost you  
I lost you

I lost you  
I lost you  
I lost you  
I lost you
