MF DOOM

I sell them bums a scrap verse that's so-so nice  
Ya get what ya pays for, raps for the low low price  
Vik roll for dolo, chuck the dice  
And force all their numbers, tuck the truck ice  
Just a suggestion from the best, fuck the price  
Avoid the whole mess, get stuck by the sice  
Vaughn got ho's on the stroll, he duck rice  
For the buck, a lot of smuck suck like lice  
Get the cello out and mellow out  
With a fellow who rock a swell show  
Sore as hell is low no doubt  
If you ever see him shout em out  
It's all about the clout, whoever wanna brawl call em out  
Or we could take this to the streets son  
Before you send your CD, make sure the beat is done  
Or get heated hotter than Welcome Back Kotter reruns  
What's the reason?  
The track was wack, no refunds
