

Diday Diday Day

Mfö

If I had a million songs then I sing them for you
If I had the world to offer, I'd give it to you
If I had a magic carpet, we'd go for a ride
Wouldn't care where it would lead us, with you at my side

Oh... diday diday day...

Oh... diday diday day...

When love comes knocking at my door
You better be ready for it, you better be sure
You get what you wanted or even some more
You better be ready for it, you better be sure

Oh... diday diday day...

Oh... diday diday day...

Oh... diday diday day...

Oh... diday diday day...

All these years, I've been searching 'til the day that I met you
Now I found the only answer is the love I feel for you
For you...

Oh... diday diday day...

Oh... diday diday day...

Diday diday day...

Diday diday day...

Now I found the only answer is the love I feel for you
For you...

Oh... diday diday day...

Oh... diday diday day...

If I had a million songs then I sing them for you
If I had the world to offer, I'd give it to you
If our love is what you want then I'm ready for you
Oh... day diday day...
