

Power And Will II

Mgła

When everything else fails
With to way to turn back
Facing the wall of own humanity
Find another use for Nietzsche's hammer
Which all you cunts wipe your mouths with

Tear the walls with bare hands
Final stages of inhumanity
The blessing and the curse of ability to think
...to devour the beast

One step ahead
To be the one with the depths
To fulfill the prophecies
To be the steel hand of revenge

That breaks the eternal cycles
That crushes the idols of gods
That tears the serpent's tail out of its mouth
The bringer of light - light of the new order
