With Hearts Toward None V

Mgła

Behold the high order abstractors
Anthropologists
And engineers alike
The virtuous, the chaste
Weaving new layers of oblivion

Behold the kings
And leaders of men
Warlords of retreat
Sovereigns of surrender
The righteous, the pure
Now gathered upon the new form

A monument is risen
To be seen from afar
Erected by thieves
Financed by murderers
And secured by lawyers

Fear upon fear
Inbuilt braces
Scripted obedience

Behold trangression
Conform and gorge
Bask in the radiance
Of purified norm
There will be no distress
No more trembling
The muzzle never felt that good
