

Who's Counting

MGMT

Unseen through the pines
Love affair softly
The volunteer move in
Hold out

I'm awake this time, found our world is falling leaves
Put a number into my mind
If you squint your eyes, patterns look like a veneer
Who is counting all the lines?

Don't talk and it's bad, say the code, for you'll return
Never worked more than the next guy
Places never learned how to shake the gentle night
Who is counting all the lines?
