

# Silk Chiffon

Mia Wray

Sun down and I'm feeling lifted  
Downtown, cherry lipstick  
Watch her silk dress dancing in the wind  
Watch it brush against her skin  
Makes me wanna try her on

Like, life's so fun, life's so fun  
Got my mini skirt and my rollerblades on  
Bag on my side 'cause I'm out 'til dawn  
Keeping it light like silk chiffon  
Life's so fun, life's so fun  
Don't need to worry about no one  
She said that I got her if I want  
She's so soft like silk chiffon

Silk chiffon  
That's how it feels, oh, when she's on me  
Silk chiffon  
That's how it feels, oh, when she's on me

And I'm high and I'm feeling anxious  
Inside of the CVS  
When she turns 'round halfway down the aisle  
With that 'you're on camera' smile  
Makes me wanna try her on

Life's so fun, life's so fun  
Got my mini skirt and my rollerblades on  
Bag on my side 'cause I'm out 'til dawn  
Keeping it light like silk chiffon  
Life's so fun, life's so fun  
Don't need to worry about no one  
She said that I got her if I want  
She's so soft like silk chiffon

Silk chiffon  
That's how it feels, oh, when she's on me  
Silk chiffon  
That's how it feels, oh, when she's on me

If it feels good to me, it feels good to me  
Oo, why wouldn't it be? Oo, why wouldn't it?  
If it feels good to me, it feels good to me  
Oo, why wouldn't it be? Oo, why wouldn't it?  
She's so soft like silk chiffon

Silk chiffon  
That's how it feels, oh, when she's on me  
Silk chiffon  
That's how it feels, oh, when she's on me

That's how it feels, that's how it feels  
That's how it feels, oh, when she's on me

If it feels good to me, it feels good to me  
Oo, why wouldn't it be? Oo, why wouldn't it?
