

# Luv Is Not Enough

Miami Horror

Since I let you go  
I don't need no help  
Mirror crystal clear  
Finally know myself

So I make my way home  
I'm in it alone  
But I, I got everything I need  
So turn up the AC  
And let myself breathe  
Cos I - I can't settle for maybes

Love is not enough, girl, ooh-ooh  
I just need more, some more  
Love is not enough, girl, ooh-ooh  
I just need more, more, more

I make my way home  
I'm in it alone  
But I, I got everything I need  
So turn up the AC  
And let myself breathe  
Cos I - I can't settle for maybes

Love is not enough, girl, ooh-ooh  
I just need more, some more  
Love is not enough, girl, ooh-ooh  
I just need more, more, more

Can't last forever  
Impossible romance  
Can't last forever  
You never stood a chance

And you made me believe that I'd heal time  
But the time that we spent, had me out of my mind  
Now I finally see how you treated me, wasn't s'posed to be

Always looking for something new  
Tell me all the things you do  
Cuz I just need more, some more  
Always looking for something new  
Tell me all the things you do  
Cuz I just need more, some more

Love is not enough, girl, ooh-ooh  
I just need more, some more  
Love is not enough, girl, ooh-ooh  
I just need more, more, more

Can't last forever  
Impossible romance  
Can't last forever  
You never stood a chance

Careful what you're wishing  
I've been so far gone

Gimme mine, I'll give you yours  
Yours
