

# Out of Sight

## Miami Horror

Hey, you would know  
Hey, you would know

Oh, two tone man may take a lonely road  
Hey, do you really want to?  
Hey, do you really want to?  
One chance, two times, make it last again  
Hey, do you really want to?  
Hey, do you really want to?  
Hide from your desires?  
No way, no way, no  
Hide from your desires?  
No way, no way, no

Alive  
Awake without a warning  
Born into a story  
Alive  
Awake without a warning  
Born into a story, story

Short start, bottom line  
Heart goes racing up  
Hey, do you really want to?  
Hey, do you really want to?  
We can hardly count the days at work  
Hey, do you really want to?  
Hey, do you really want to?  
Hide from your desires?  
No way, no way, no  
Hide from your desires?  
No way, no way, no

Alive  
Awake without a warning  
Born into a story  
Alive  
Awake without a warning  
Born into a story, story

Alive  
Awake without a warning  
Born into a story  
Alive  
Awake without a warning  
Born into a story, story

What do you know?  
Who said "I know love"  
"But keep your head above those waters"  
"Go where the current leads"  
"Go with your inner dreams"  
And he disappeared with white wings into the unknown

Hey, you would know  
Hey, you would know  
Hey, you would know

Hey, you would know

Out of sight  
Out of sight  
You keep it out of sight  
Out of sight  
Out of sight  
You keep it out of sight

Alive  
Awake without a warning  
Born into a story  
Alive  
Awake without a warning  
Born into a story, story

Alive  
Awake without a warning  
Born into a story  
Alive  
Awake without a warning  
Born into a story, story

Hey, you would know  
Hey, you would know  
Hey, you would know  
Hey, you would know
