

Summersun

Miami Horror

Keep holding on to everything
It's how it was but never been
Keep holding on to everything
Reflecting on yourself within

I don't wanna fall to far from you
If you wanna be the one to go
Everybody wants to take something home

In the summer sun I can't reveal
We go on and on
In the summer sun I will conceal
We go on and on
In the summer sun I can't reveal
We go on and on
In the summer sun I will conceal
We go on and on

In the summer sun I can't reveal
We go on and on
In the summer sun I will conceal
We go on and on
In the summer sun I can't reveal
We go on and on
In the summer sun I will conceal
We go on and on

It's never what you thought it was
Today I feel the same again
But your summer face it fades
And I know why the seasons change again

Keep holding on to everything
It's how it was but never been
Keep holding on to everything
Reflecting on yourself within
I don't wanna fall to far from you
If you wanna be the one to go
Everybody wants to take something home

Oh Oh Oh don't know where we've gone
Oh Oh Oh on and on and on
Oh Oh Oh don't know where we've gone
Oh Oh Oh on and on and on

In the summer sun I can't reveal
We go on and on
In the summer sun I will conceal
We go on and on
In the summer sun I can't reveal
We go on and on
In the summer sun I will conceal
We go on and on

Oh Oh Oh don't know where we've gone
Oh Oh Oh on and on and on
Oh Oh Oh don't know where we've gone

Oh Oh Oh on and on and on

Now everything has changed again
