

Wild Motion (Set It Free)

Miami Horror

It's not a lonesome world cause when it
Feels like you start to drift away
I still feel safe

I don't know where I began to lose you
I didn't want to waste the time it takes
To make it straight again

I can't run but I can't stay, you know that
I won't stop until the day I break
Cause what we were is lost now

Set it free
Let it go
Cause you already know
We're high again
High again

It's not a question we can answer
Not a thing that we can do to change
It's all the same

Feet in the sky and head in the sand, don't lose it
Well I guess that this must be the place
The perfect day again
