

Skylarking

Mic Christopher

You learned a lot when you were out there
About this foolish game
And finding cause to let your nightmares
Get in your way
And watching from your bedroom window
Cause you don't wanna play
You believe in what you wanna
We'll go anyway

Skylarking
Isn't this a way that we can go

So let us never let our relationship
Treat us like fools
Let us never ever wonder
What our friendship could do
'Cause my songs don't know that I exist
And though I give them life it is
A friendship that will never grow
My songs are friends I'll never know

Skylarking
Isn't this a way that we can go
Skylarking
Cause you know we never will grow old
