MiC LOWRY

MiC LOW-LOW-LOWRY

I keep my phone face down, you come around
Nothing to hide from you, give all my time to you
Love when you lie face down, such a pretty sound
You let me inside of you
Give all my time to you

And I give, give my love to you, you
I will give it, give my all to you, you

I just wanna give my all to you
(Wanna give my all, my all, my all to you)
That's why I'm giving you all my love
Giving you all my love, giving you all my love
I'm giving, giving you all my love
Giving you all my love, giving you all my love
I'm giving it all
I will give you all my love, my, my love
