

Bad Intentions

MiC LOWRY

I don't even know you baby
But I want to
Girl, I want you (oh)

My body's got me acting crazy
I got 99 problems and they're all you (oh)

Baby let me take you on a ride
I want to take a fast track to your heart
I think you know where I'd like to start

I can tell that something's on your mind
Tell me what you want to do
All I got is bad intentions

Baby, you fill me up
Right up, with bad intentions, intentions
Baby I'm so caught up
In love with bad intentions, intentions

I want to see under
Under your cover
Let me read your body language
I want to know you (oh, yeah)
Let me see it all in color
Your love gets sweeter
Every chapter, every page

Baby let me read between the lines
Where you are my escape
I can get lost in your mind for days (oh)
Let's just spend some time
I know what you want to do
You're fillin' me with bad intentions

Baby, you fill me up
Right up, with bad intentions, intentions
Baby I'm so caught up
In love with bad intentions, intentions

Don't need all your love, (don't need your love)
Your body is enough to set the mood
Satisfy my lust
And I promise when we touch
You'll feel it too
(Baby, you'll feel it too)

Baby, you fill me up
Right up, with bad intentions, intentions
Baby I'm so caught up
In love with bad intentions, intentions

(I won't fall in love with you)
(We can fool around and keep it cool) [x4]
