

# Don't Tempt Me

MiC LOWRY

Baby, I wanna say that it's fine, but  
Baby, I wanna say that it's fine, but, it's fine, but

Uber's outside, girl, we gotta go  
It's getting kinda cold, don't forget your coat  
Baby, leave your friends, they ain't gotta know  
Gotta know where we gon', where we gon' go  
Quit fucking with them dudes, they just full of shit  
Why you wasting time with the foolishness?  
If you wanna leave and get intimate  
Into it when we get, when we get home

Don't tell me you can't cancel your plans  
I'll cook you eggs in the morning  
If that's not enough, girl, what do you want?  
And I'll get it for ya

Girl, come over here, chill with me  
And drink all of my Hennessy  
Don't tempt me, baby, don't tempt me  
We can lay here on this couch  
We'll fuck 'til the sun come back out  
Don't tempt me, baby, don't tempt me

Don't tempt me now, don't tempt me, yeah  
Baby, don't tempt me  
Don't tempt me now, don't tempt me, yeah  
Baby, don't tempt me

We'll still be drunk when the morning comes  
Or we can get high off another one  
Fuck one more time 'fore we gotta run  
Gotta run, that was fun, I'll hit your phone

So tell me what's your plans on a Saturday?  
'Cause I don't really have any anyway  
Wanna help me kill this bottle of Chardonnay?  
Tell me, babe, what do you say?

Girl, come over here, chill with me  
And drink all of my Hennessy  
Don't tempt me, baby, don't tempt me  
We can lay here on this couch  
We'll fuck 'til the sun come back out  
Don't tempt me, baby, don't tempt me

Don't tempt me now, don't tempt me, yeah  
Baby, don't tempt me  
Don't tempt me now, don't tempt me, yeah  
Baby, don't tempt me

Don't tell me you can't cancel your plans  
Girl, I'll cook you eggs in the morning, whoa  
If that's not enough, what else do you want?  
And I'll get it for ya, I'll get it for ya  
Baby, don't tempt me, baby

Girl, come over here, chill with me  
And drink all of my Hennessy  
Don't tempt me, baby, don't tempt me  
We can lay here on this couch  
We'll fuck 'til the sun come back out  
Don't tempt me, baby, don't tempt me  
(Said, baby, don't tempt me)  
Girl, come over here, chill with me  
And drink all of my Hennessy  
Don't tempt me, baby, don't tempt me  
We can lay here on this couch  
We'll fuck 'til the sun come back out  
Don't tempt me, baby, don't tempt me

Don't tempt me now, don't tempt me, yeah  
Baby, don't tempt me  
Don't tempt me now, don't tempt me, yeah  
Baby, don't tempt me  
Don't tempt me now, don't tempt me, yeah  
Baby, don't tempt me  
Don't tempt me now, don't tempt me, yeah  
Baby, don't tempt me  
Oh, I love that you're wrong, baby, don't tempt me
