

# Legless

MiC LOWRY

We ain't gotta live like the sky is falling  
Hope you'll be around way past the morning  
Caught me off guard the way the sun is on ya  
Ain't no better feeling  
Drinking champagne just to drown the noises  
Got me all ears when I hear ya voice  
Wanna know what you're needing  
Take it way past the ceiling

We getting fucked up and we're so high  
We should do this all day and night  
The feeling so damn right  
Girl yeah you're fucking me like I'm famous  
There ain't no way that you're leaving me nameless

Shit so good wanna make breakfast, ah-ah-ah-ah-ah  
Shit so good imma leave ya legless, ah-ah-ah-ah-ah  
Shit so good I give you A for effort, ah-ah-ah-ah-ah  
I wanna make waves in your ocean  
Come here, let's start a commotion, yeah

I'll be your, I'll be your, your  
I'll be your coffee in the morning  
I'll be your, I'll be your, your  
Do you exactly how you want it

Kinda feeling like I need this  
Something that I don't believe in no  
But with you, I'm catching feelings  
Can't believe that I've been sleeping on you  
Every morning like it's Christmas  
Wanna see you with nothing but stockings on  
Letting me know, ready to go  
Let's get this show on the road, oh

Lets get fucked up and get high  
We should do this all day and night  
The feeling so damn right, yeah  
Girl yeah you're fucking me like I'm famous  
No way that you're leaving me, no

Shit so good wanna make breakfast, ah-ah-ah-ah-ah  
Shit so good imma leave ya legless, ah-ah-ah-ah-ah  
Shit so good I give you A for effort, ah-ah-ah-ah-ah  
I wanna make waves in your ocean  
Come here, let's start a commotion, yeah

From the neck down and back up  
On me and get to work, don't stop  
Maybe we can leave the lights on  
'Cause I like to see you working hard  
From the neck down and back up  
On me and get to work don't stop  
Maybe we can leave the lights on  
'Cause I like to see you working hard
