

M.I.C

MiC LOWRY

They say the sky is the limit
But you ain't seen the sky in minute
Too busy wasting time with all your bitching
2020 yeah that's my kind of vision

I'm just tryna get my bands up
But niggas always tryna fuck my plans up
Drop some bangers on 'em had to fuck the dance up
I always got the time to show the fans love

(Yeah)
You can see me shining
(Yeah)
You can see me rising
(Yeah)
It's all about the timing
(Yeah)

Grinding till my AP's gold
Trapping till my diamonds froze
Till I'm driving Bentley's home
I just wanna make bare dough

They can try an taint my soul
But they'll never take my soul
But they'll never break my bones
Yeah...

All I wanna see
Is gold & green
Rolling with my g's
That's M I C
When we come through
So fresh so clean
Yeah, you know who
That's M I C
That's M I C

Its just me here with my crew
We don't even fuck with you not one time
An I wonder why they so concerned with what we're doing, have we gone away?
They don't even have a clue cos we're here to stay

So add a couple zeros to my pay slip
If you got a dream you gotta chase it
Till your whip is looking like a spaceship

Grinding till my AP's gold
Trapping till my diamonds froze
Till I'm driving Bentley's home
I just wanna make bare dough

They can try an taint my soul
But they'll never take my soul
But they'll never break my bones
Yeah...

All I wanna see
Is gold & green
Rolling with my g's
That's M I C
When we come through
So fresh so clean
Yeah, you know who
That's M I C
That's M I C

I came to kick it with the MiC
Call me Eddy 4 short
Got them long roots
Shortbread - gimme some more
I don't ever doubt my light it shines from shore to shore
But I got curses that I need to resolve and never show
I conquered dem blow 4 blow
Float like Muhammad I'm flying from show to show
They saying they need some more
I'm coming for green & gold
Ah paradigms rotate, shift the whole globe
I'm puffin' dat Ozone
I'm always in my zone
Preparing my own throne
Hindsight the best vision I ever known
Melodies the best remedy hit the pad
Then I stroke like Cinderella fore midnight
Woah, I hope I...
Never hit the floor like I'm Russel Crowe
Found my inner wave now I glow
So don't forget to spark when the highs hit the lows
And don't forget to bounce when the base hit your soul

All I wanna see
Is gold & green
Rolling with my g's
That's M I C
When we come through
So fresh so clean
Yeah, you know who
That's M I C
That's M I C

All I wanna see
Is gold & green
Rolling with my g's
That's M I C
When we come through
So fresh so clean
Yeah, you know who
That's M I C
That's M I C
