MiC LOWRY

You know you hot property  
No monopoly  
Stole my heart like robbery  
But that don't bother me  
Ima make you say  
Ima make you say

Its like I hit the lottery  
Ain't no stopping me  
I could love you properly  
Just jump on top of me  
Ima make you say  
Ima make you say

I'm falling way too deep  
Can't even get no sleep  
You got me acting like a fool  
An I've been  
Going out my head  
Just tryna make some sense  
Of all the things you make me do

Don't be messing round with my mind  
If you can't offer anytime  
I'm out here trying to find something more  
Hoping you know it's true  
Baby, I'm all for you  
Tell me just what to do

You know you hot property  
No monopoly  
Stole my heart like robbery  
But that don't bother me  
Ima make you say  
Ima make you say

Its like I hit the lottery  
Ain't no stopping me  
I could love you properly  
Just jump on top of me  
Ima make you say  
Ima make you say

Baby, baby, baby, baby  
You the only thing on my mind all day and I'm  
Ready for the day you come an take it off  
Got me deep up in my feelings I can't shake it off

Don't be messing round with my mind  
If you can't offer anytime  
I'm out here trying to find something more  
Hoping you know it's true  
Baby I'm all for you  
Tell me just what to do

You know you hot property  
No monopoly

Stole my heart like robbery  
But that don't bother me  
Ima make you say  
Ima make you say

Its like I hit the lottery  
Ain't no stopping me  
I could love you properly  
Just jump on top of me  
Ima make you say  
Ima make you say

Don't want you to waste your time with none of these other guys  
You know they can't provide what you need  
Just give me a piece of you and maybe I'll be complete  
I can be patient if you need me to

If you need my time then have it all  
If you need my love then girl I'm yours  
Don't keep me chasing your waterfall  
Do anything just to make you say

You know you hot property  
No monopoly  
Stole my heart like robbery  
But that don't bother me  
Ima make you say  
Ima make you say

Its like I hit the lottery  
Ain't no stopping me  
I could love you properly  
Just jump on top of me  
Ima make you say
