

Tuxedo

MiC LOWRY

When your body's keeping me warm
How could I ever forget
Out of everybody it's you that I want
I just need you to know when we turn the water into wine
Can you promise me you'll still be mine
I just need you in my life

I give you time or my money
Get money or my time
You don't have to worry
It's you that's on my mind
I'll still want you
When I'm in my

When I'm in my tuxedo
(When I'm in my [x2]
When I'm in my tuxedo
(When I'm in my [x2]
Coz I want you, forget the ego
Because I'll still want you
(When I'm in my)

Girl we're gonna see
Diamonds, silver and gold
Now that I'm on my way
We'll be traveling
First-class all over the globe
So good that it'll take your breath away

I'll give you time or my money
Get money or my time
You don't have to worry
It's you that's on my mind
I'll still want you
When I'm in my

When I'm in my tuxedo
(When I'm in my [x2]
When I'm in my tuxedo
(When I'm in my [x2]
Coz I want you, forget the ego
I'll still want you
(When I'm in my)

Fancy cars or flashing lights
Are not the first things on my mind
And they won't mean a thing
Without you by my side
When everything is changing
(We'll stay the same)
And I won't let you go
I'll still want you
When I'm in my [x2]
I'll still want you
When I'm in my

When I'm in my tuxedo

(When I'm in my [x4]
Coz I want you, forget the ego
Because I'll still want you
(When I'm in my [x2]
I'll still want you
(When I'm in my)
When I'm in my tuxedo

Baby you've been
With me from the start [x2]
When I'm in my tuxedo
Baby you've been with me from the start
When I'm in my tuxedo
Want you, forget the ego
Baby you've been with me from the start
I'll still want you, when I'm in my
When I'm in my tuxedo
