

Don't Leave Me Now!

Micah P. Hinson

Don't leave me now
I must confess
Haven't been the worst
Haven't been the best
Since you came

Don't take me now
I must confess
Found the word digress
And made it a home

Don't leave me now
I must confess
Haven't been the worst
Haven't been the best
Since you came

It's all the same
It's all the same

Don't take me now
I must confess
Found the wor(d digress
And made it a home

It's all the same
It's all the same

Don't come try to find me now
I must confess
