Crucified

Micah Stampley

Jesus, the crucified Took my place Now I can have eternal life, life

Light of the world Your name I praise Highly lifted up Redemption's song is what I sing

Crucified, Crucified for me Crucified so that I may live

Bruised, despised Alone and betrayed Christ the King of Kings What a precious gift my Savior gave

Bread of Life, Emmanuel
Bright and morning star
May the Son of God be forever praised
Forever praised.

Because of God's love
You hung on that cross
Bled for my life
I will never forget, what you've done
Paying that price; the greatest sacrifice

You gave your love You shed your blood Laid down your life for me You sacrificed that I might live eternally with thee
