

# Fire & Rain

Micah Stampley

Hearts on fire  
Kingdom come  
In this hour  
Your will be done  
Vain sacrifices  
We left behind  
Holy vessels  
We raise you high  
Yeah...

Burn out things that hold us back from you  
Then wash us in the rain that makes us new

Let it burn  
Let it rain  
Let it burn  
Fire and rain collide  
Let it burn  
Let it rain  
Let it burn  
Fire and rain collide

We need refreshing water  
Pour it again  
Show us your glory, Lord  
Until we're changed  
Consuming fire to remove the stain  
Come and revive us  
We won't be the same

Burn out things that hold us back from you  
Then wash us in the rain that makes us new

Let it burn  
Let it rain  
Let it burn  
Fire and rain collide

Fire  
Shower

Fire  
Anything in me  
Fire  
That should not be  
Fire  
Take it out right now  
Fire  
You can wash me clean  
Shower  
And then when I'm weak  
Shower  
Strengthen me  
Shower  
Give me victory  
Shower

Fire  
I need  
Shower  
Ooh  
Fire  
I remember your word  
Shower  
When you told me that you won't quit me  
Fire  
You said you'd never leave  
Shower  
I am standing on your word  
Fire  
I am trusting in your word  
Shower  
Strengthen me  
Fire  
Your reign, it comforts me  
Shower

Here I am  
Fire  
I'm broken in your hands  
Shower  
Take all the pieces you see  
Fire  
And do what you please, Lord
