

# Nothing Too Broken

**Micah Tyler**

I know what's behind every smile  
And I know what you're feeling inside  
I know every step that you've taken  
Cause I've been by your side

And I see all the fear that you're facing  
I see all the tears and the pain  
And I know that you think that you're alone  
But I'm still by your side

Broken doesn't mean  
Doesn't mean it's over  
Even if it feels that way  
And hurting doesn't mean  
Doesn't mean it's hopeless  
Even on your hardest days

In the dark I will reach and I'll take your hand  
When you're falling I will be your place to land  
There's nothing my heart won't heal  
And my love won't redeem  
There's nothing too broken for me

I've loved you in every moment  
I want you to trust me and know that  
I'll pick up these pieces  
I'll put them together  
And when I am done  
You will know even better that

Broken doesn't mean  
Doesn't mean it's over  
Even if it feels that way  
And hurting doesn't mean  
Doesn't mean it's hopeless  
Even on your hardest days

In the dark I will reach and I'll take your hand  
When you're falling I will be your place to land  
There's nothing my heart won't heal  
And my love won't redeem  
There's nothing too broken for me

(Nothing too broken  
Nothing too broken  
Nothing too broken)  
Nothing too broken for me  
(Nothing too broken  
Nothing too broken  
Nothing too broken)

Broken doesn't mean  
Doesn't mean it's over  
Even if it feels that way  
And hurting doesn't mean  
Doesn't mean it's hopeless  
Even on your hardest day

In the dark I will reach and I'll take your hand  
When you're falling I will be your place to land  
There's nothing my heart won't heal  
And my love won't redeem  
Oh there's nothing too broken for me

(Nothing too broken  
Nothing too broken  
Nothing too broken)  
Nothing too broken  
(Nothing too broken  
Nothing too broken  
Nothing too broken)  
There's nothing too broken for me
