

## People Like Us

Micah Tyler

If you fell on some hard times, if your long days turned to long nights  
If you're drowning on the inside with every beat of your heart  
If there's dust on your Bible, if your soul's needing a revival  
Well, even if it's been a while you can come as you are

God loves people like you 'cause God loves people like me  
A lost and hopeless sinner that mercy has redeemed  
And if you feel like He don't, the cross is proof that He does  
Praise the Lord, oh hallelujah that God loves  
God loves people like us  
Oh yes, God loves people like us, yeah

If you've been dealt a hard hand and there's so much you don't understand  
Fighting battles with the questions running through your mind  
Well, if you're thinking that it ain't true 'cause how could anybody love you?  
Well, He's the good in the good news, He's never left your side

God loves people like you 'cause God loves people like me  
A lost and hopeless sinner that mercy has redeemed  
And if you feel like He don't, the cross is proof that He does  
Praise the Lord, oh hallelujah that God loves  
God loves people like us, yeah  
God loves people like us, yeah

Every second of our lives we are precious in His sight  
We are children to a Father, gave His own to give us life  
It don't matter where you are (Where you are), it don't matter who you've been (Who you've been)  
Oh, and if you have forgotten, let me tell you once again

God loves people like you 'cause God loves people like me  
Oh, a lost and hopeless sinner, oh that mercy has redeemed  
And if you feel like He don't, the cross is proof that He does  
Praise the Lord, oh hallelujah that God loves  
God loves people like us  
God loves people like us (Yes He does, yes He does)  
God loves people like us  
God loves people like us, yeah  
He loves people like us
