

The Perfect Song

Michael Ball

If I could have just one wish
Of mind become reality
I would write the perfect song
Just one wish is all I d ask
To last me through eternity
Let me write the perfect song
And in that song I d say all the things
I have dreamed of my whole life long
That you d be sing in a song
I will write the song for you
To show you what you mean to me

And in that song I d say all the things
I have dreamed of my whole life long
That you d be sing in a song
And I will write the song for you
To show you what you mean to me
You will be my perfect song
Just one wish is all I d ask
To last me through eternity
Let me write the perfect song
And you will be my perfect song.
