## Forever Isn't Long Enough

## **Michael Bolton**

The tickin' of the clock, the beating of my heart Pounding like a drum in the dark for you If I could conquer time, I'd love you day and night And make this moment last, baby, all my life

Ask me how long I'll need you Ask me how long I'll be there

## [Chorus]

Forever isn't long enough to give you my love, to give you my love

Till the end of time isn't time enough for everything I want to do

Forever isn't long enough to give all my love to you

I watch you as you sleep; I'm jealous of the night I'd steal you from your dreams just to buy more time So much in my heart, so much in my soul A lifetime ain't enough to ever let you know

Tell me this will be for always Tell me you'll always be there

## [Chorus]

'Cause the time is passin' by, and the more it slips away When I look into your eyes, I know, baby It isn't long enough to give you my love Forever ain't enough to give it all to you There isn't time enough to see it all through Forever ain't enough to give my love to you
