

Safe

Michael Bolton

When the rain keeps on falling like tears from the sky
And your heart feels like breaking in the cold-hearted night
When you're lost in the shadows, too tired to fight
I will be there
I will be there
You'll find me time after time, ooh-oh

I'll keep you safe
I will keep you safe
Don't you be afraid
I'll keep you safe
Ooh-whoa-whoa-oh

I will come to your rescue and light up the dark
I'll be your shelter, wherever you are
I'll carry your troubles and cover your heart
I will be there
I will be there
You'll find me time after time, ooh-oh

I'll keep you safe
I will keep you safe
So don't you be afraid
I will keep you safe

Safe from the battle and safe through the storm
I'll be your refuge wherever you go
No matter what comes our way
I'll keep you safe
I'll keep you safe

For always
In all ways
For now and for always
I'll keep you safe

Wherever you go
I'll keep you safe
I will keep you safe
Don't you be afraid
I will keep you safe

Safe from the battle and safe through the storm
I'll be your refuge wherever you go
No matter what comes our way
I'll keep you safe
I'll keep you, I'll keep you

For always
I'll keep you, I'll keep you
I'll keep you safe
I'll keep you, I'll keep you
Forever and always
I'll keep you, I'll keep you

When the rain keeps on falling like tears from the sky
I'll be your shelter

I will keep you safe
