Agua  
I need a drop

Agua  
I drink it up

Agua  
I need a drop

Agua  
I drink it up

Agua  
I need a drop

Agua  
I drink it up

I'm at a low  
I can't hold on long oh no  
It might be my time  
I cry oh lord please no

I need you close  
Cause your love is revival  
So vital

I've been lost for days my love  
Need your help to fill my cup  
Promise I won't waste a thing  
Give me, give me just one drink

Flowing, flowing energy  
Know that this is destiny  
What I need in front of me  
Save me love please rescue me

Agua  
I need a drop

Agua  
I drink it up

Agua  
I say ahhh

Agua  
Oh just a drop

Baby just one drop and I'm hooked on you  
You make me lose my cool  
Go start the car  
Please take me far away make it feel brand new  
Yes I know we done this once or twice  
Fallen off too many times  
But your lips they feel too nice  
Someone gotta put me on ice oh-

Is it the way you making sunshine with your eyes?  
Or the way you like to occupy my mind?  
I know that we can take it  
I know that we gon' make it  
This lovin' I can't stay away

Agua  
I need a drop

Agua  
I drink it up

Agua  
I say ahhh

Agua  
Oh just a drop

C'est beaucoup mieux comme ça
