

# All I Ever Wanted

Michael Brun

I was invisible  
Then I saw your face  
Nothin's been typical  
Just countin' my days, yeah

I had a million dreams  
One got away  
Now that I have you here  
I know it won't fade, know it won't fade

It was all I ever wanted  
All I ever wanted was you, you  
All I ever wanted  
All I ever wanted was you, you

Oh I can hear a crowd  
Screamin' my name  
Visions they come and go  
Keepin' me wide awake, hey

I had a million dreams  
One got away  
Now that I have you here  
I know it won't fade, know it won't fade

It was all I ever wanted  
All I ever wanted was you, you  
All I ever wanted  
All I ever wanted was you, you

You, you, you, you  
You, you, you, you

All I ever wanted  
All I ever wanted was you, you  
All I ever wanted  
All I ever wanted was you, you
