

# Closer

Michael Brun

I just want you closer  
Bring your body closer  
If we're not to be then  
I just need closure

True say me love bad gyal  
Duppy know just who fi frighten  
Grip make me stuck when you tighten  
Don't let me go if you like it  
If you love it then I love it I'm excited  
Rough when we fuck cause you like that  
Arching your back leave it right there  
One more round for the night cap  
I'm feeding destruction, with every word you say  
Toxic emotions  
I'm at a Stand Still  
I need passion. You down If only looks could kill  
Tell me what you need to happen

I just want you closer  
Bring your body closer  
If we're not to be then

I just need closure

I just want you closer  
Bring your body closer  
If we're not to be then  
I just need closure
