

Halfway

Michael Brun

You never met me halfway
But you never met me halfway

I tried so hard
I tried so hard
I tried so hard
But you never met me halfway
I tried so hard
I tried so hard
I tried so hard
But you never met me halfway

I could've let my gun down
I could've fall in a deep sleep
I could've left my heart out
I could've made it for you easy
I could've gone down and let it fight
I could've fall it for my feelings
I would've loved you so good
I would've loved you so easy

I tried so hard
I tried so hard
I tried so hard
But you never met me halfway
I tried so hard...
You never met me halfway

But you never met me halfway
I tried so hard
I tried so hard
I tried so hard
But you never met me halfway
I tried so hard
I tried so hard
I tried so hard
But you never met me halfway
