

# Love Me, Suffa

Michael Brun

Make you love me  
Make you love me  
Make you love me  
Save me baby, love me suffa  
Make you love me  
Make you love me  
Make you love me  
Save me baby, love me suffa

So many ways to nirvana  
Like kissing away til Mayana  
Go on and touch me Madonna

It's like you were made in designer  
Looking for ways to go deeper  
Catching a case of your fever

You say you don't know how to ride this wave  
You've never ever felt this way eh eh  
It feels too good, too safe, uh huh

Ain't gotta runaway  
I I I I I'm gonna love you through the pain  
Don't play with me, you know I'm the one that you love to hate  
You let me go, you'll never know  
You'll never know  
Ooo oh

Make you love me  
Make you love me  
Make you love me  
Save me baby, love me suffa  
Make you love me  
Make you love me  
Make you love me  
Save me baby, love me suffa

Running in place in denial  
Gimme your heart, make it final  
Turn off the lights to some Lionel (all night long)  
Pick out your waist in any line up  
Run it my way when you whine up  
Gimme a taste, make I dine up

You say you don't know how to ride this wave  
You've never ever felt this way eh eh  
It feels too good, too safe, uh huh

Ain't gotta runaway  
I I I I I'm gonna love you through the pain  
Don't play with me, you know I'm the one that you love to hate  
You let me go, you'll never know  
You'll never know  
Ooo oh

Aah ya, ah yea, ah yea
