

I want you to feel safe with me  
I know it's risky jumping  
But it can't hold us back  
It can't hold us back  
'Cause I want you to feel safe with me, yea  
I haven't done enough, no  
But I'm working on that, said I'm working on that

See, there's money on the table  
Got my feet up and your head on my shoulder  
I'm drinking my poison  
You're falling asleep again  
I told you I'd get you  
Off of your feet when you say that  
Your day's been cruel

I got a rocket who  
Will take you to the moon like everything is okay  
Talking kinda smooth like I'm a Barry White song  
She just wants to know if everything is for real  
So I gotta make sure everything is for real 'cause

I want you to feel safe with me  
I know it's risky jumping  
But it can't hold us back  
It can't hold us back  
'Cause I want you to feel safe with me, yea  
I haven't done enough, no  
But I'm working on that, said I'm working on that

Santiman pa janm tann ou pare  
Son feeling ki pa janm limite  
Siyal li aktive tout kote  
Dous kou van briz lè'l travèse'w  
Ou pap gen anyen Si'w pa riske  
Pou mwen ba'w kè m fòl asire  
M vle'w fè m bliye tout sa k rive m  
Mwen ka fè reviv yon idil  
Ban'm atansyon afeksyon  
Lanmou sa dwe real  
Kè m ap bat fò pou ou  
Jou m kwaze'w pou n decole

I want you to feel safe with me  
I know it's risky jumping  
But it can't hold us back  
It can't hold us back  
'Cause I want you to feel safe with me, yea  
I haven't done enough, no  
But I'm working on that, said I'm working on that

I want you to feel safe  
I want you to feel safe
