

Mojito
In my hand
And I ain't even leave my house with a plan
Baby girl living and
I don't need a man
But imma drunk text my ex
I'm better than
Your new girl
You know that I'm out this world
Weird never matter cause I am superb
You heard
That I'm styling on these girls
So go tell your boy
Cause he needs the alert
Go tell your boy
Cause he needs the alert
So go tell your boy
Cause he needs the alert
Go tell your boy
Cause he needs the alert

Wanna step to me
Better think twice
Cause I look pretty
But I'm Not that nice
You might wanna wash me down with that water
Because I'm spice
Because I'm spice

Can we - Can we do it again?

Wanna step to me
Better think twice
Cause I look pretty
But I'm Not that nice
You might wanna wash me down with that water
Because I'm spice
Because I'm spice
Because I'm spice

And I don't know if they told you
But there's nothing you can say to make me feel a type of way
I'm pretty, I'm smart, I've got my pay
So bay bay
I own my mess so I ain't got dirt so go tell your boy cause he needs the alert
