Shi shi
Baby once I got a taste it was legendary
Yep I thought it was a phase but you got into me
Now I haven't left for days, I don't know where I live
Heard the streets and my G's have been lookin' for me
Casanova, party ova
When I hold ya, know it's for life
Used to be a sniper with the uzi
Now I'm runnin' back to you to make a movie

Mo gba ni adura
Adura, adura, adura
Olorun si gbe wa
Gbe wa, gbe wa, gbe wa

Gon jan ou gade m'
Ou fèm paka pale
Enèji mache
Gad' jan nou konekte
San n' pa strese, nou transande
Tout sa ki pa vle nou mache
Se monte nap monte
We rise, we fight
We fly, never fall
We're strong, we stay
To love another day

Bondye beni m' la
Bondye w beni m' la a a
Mwen prye pou sa
Pou sa pou sa pou sa
