

# I've Got You Under My Skin

Michael Bublé

I've got you under my skin  
I've got you deep in the heart of me  
You're so deep in my heart that you're really a part of me  
And I've got you under my skin

I've tried so not give in  
You know I said to myself this affair ain't gonna go so well  
But why should I try to resist when, baby, I know so well  
That I've got you way under my skin

I would sacrifice anything come what might for the sake of having you near  
In spite of a warning voice comes in the night and repeats in my ear don't you know you fool, you never can win  
Use your mentality, step up to reality  
But each time I do, just the thought of you makes me stop before I begin  
Cause I've got you, you're under my skin

I'd sacrifice anything come what might for the sake of having you near  
In spite of a warning voice that comes in the night and repeats, how it yells in these ears  
Don't you know, you fool  
No chance to win, why not use your mentality?  
Wake up, step up to reality  
But each time I do, just the thought of you makes me  
Stop just before I begin  
Because I've got you under my skin  
And I love you under my skin.
