

# One Step At A Time

Michael Bublé

One step at a time  
That's how it's gotta be from now on  
And the reason or rhyme  
For packing up or carrying on

Inch by inch is a cinch  
Yard by yard is much harder  
Life without you baby is  
Harder  
Life without you baby is hard

Is the moon going to shine?  
The moon's a piece of cake this time  
One step out of line  
Across my fingers it's a lucky sign

Inch by inch is a cinch  
Yard by yard is much harder  
Life without you baby is  
Harder  
Life without you baby is hard

You know the whole affair can be  
Simply  
Settled right from the start  
If we both see  
There's no chance if we dance in the dark  
Lose our way and we can't find a spark  
Take one step any time  
It's easy  
Ready get set off your mark

One step at a time  
Ain't committing a crime  
Or parking where I don't belong.

Inch by inch is a cinch  
And yard by yard is much harder  
Life without you baby is  
Harder  
Life without you baby is hard

Inch by inch is a cinch  
And yard by yard is much harder  
Life without you baby is  
Harder  
Life without you baby is hard

You know the whole affair could be  
Simply  
Settled right from the start  
If we both see  
There's no chance if we dance in the dark  
Lose our way and we can't find a spark  
Take one step any time  
It's easy  
Ready get set off your mark

One step at a time  
That's how it's gotta be from now on  
Ain't committing a crime  
Or parking where I don't belong.

Inch by inch is a cinch  
Yard by yard is much harder  
Life without you baby is  
Harder  
Life without you baby is harder  
Life without you baby is hard
